2024 KING HOLIDAY OBSERVANCE

ABOUT THE KING CENTER & THE KING HOLIDAY

In June 1968, less than three months after Dr. Martin Luther King, Jr. was assassinated, Mrs. Coretta Scott King founded the Atlanta-based Martin Luther King, Jr. Center for Nonviolent Social Change (The King Center) as the official living memorial to her husband's life, work, and legacy. For over fifty years, The King Center has served as a global destination, resource and training hub, and visionary institution committed to promoting nonviolence as the pathway to creating the Beloved Community.

Coinciding with her leadership of The King Center, Mrs. King spearheaded a massive educational and lobbying campaign to establish Dr. King's birthday as a national holiday. With strategy, determination, and unwavering faith, Mrs. King and other supporters, including the King family, worked for over 15 years to bring the federal holiday to fruition. Their work yielded the desired result, when, in November 1983, President Ronald Reagan signed the bill that designated Dr. Martin Luther King, Jr.'s birthday as a federal holiday.

Today, the Martin Luther King, Jr. Holiday (MLK Day) is celebrated by millions of people in over 100 countries. The King Center's King Holiday Observance honors the comprehensive legacy and global influence of Dr. King; focuses on increasing awareness about current civil and human rights issues; espouses and educates on the use of nonviolence to create the Beloved Community; and calls people up to engage in creating the Beloved Community.

OUR WHY

The King Center's vision is the Beloved Community, where injustice ceases and love prevails. The Beloved Community is not a lofty, unattainable utopia but an inclusive, achievable society, in which problems and conflict can exist, but are resolved peaceably. It is a state of mind and condition of the heart that begins with each of us and then expands to permeate our homes, families, communities, schools, and every sector of society, including government and industry. However, we must have the will, capacity and ability to create the Beloved Community. As Mrs. Coretta Scott King, founder of The King Center, said, "The Beloved Community can be achieved through courage, determination, education, and training if enough people are willing."

As we survey our World House, it is evident that humanity has yet to collectively envision, embrace, and endeavor toward the Beloved Community. Throughout the world, we continue to grapple with hateful ideologies, political polarization, discriminatory policies, violence in many forms, environmental injustice, and a myriad of other manifestations of inhumanity. While apathy and despair tempt us, we must choose love-centered action and hope.

We invite citizens of the world to rise with us; to join us in creating the Beloved Community; to accept the challenge for individual, cultural, and societal transformation; to study and apply nonviolence as the tangible, humane, powerful, principled, and active pathway to the Beloved Community; and to co-labor with us in strategically addressing the inequities and ideologies that threaten our existence.

WHY WE NEED YOUR SUPPORT

The work of The King Center, and our mission-aligned partners, is critically important in creating the Beloved Community. Together, we can organize our collective strength into compelling power to ensure justice and freedom for generations to come. Together, and starting with us, we can train people across the globe to cultivate cultures and communities that engage all with dignity and compassion. Together, with you as our generous donors and sponsors, we can facilitate initiatives, coordinate advocacy, and provide learning opportunities to make our society more just, humane, equitable and peaceful.

Included below are this year's sponsorship opportunities. We invite you to make a commitment today and join us.

THE 2024 BELOVED COMMUNITY GLOBAL SUMMIT

2024 BELOVED COMMUNITY GLOBAL SUMMIT

The 2024 Beloved Community Global Summit is an international, hybrid convening of individuals and organizations who are committed to educating themselves and others on the tangible work of creating the Beloved Community. From courageous conversations to applicable action plans and ideation for how everyday relationships, organizational policies, government legislation, and online spaces can reflect the Beloved Community, the Beloved Community Global Summit will feature strategists, speakers, and panelists who will move us forward together. Each conversation will pivot from talking to being and doing, and each speaker will guide us into compassionate action.

One of the culminating components of the 2024 Summit is an invitation to join the Beloved Community Network. The Network is an opportunity to join with other mission-aligned organizations and individuals who have committed to creating the Beloved Community. This is the first step in a process that will take time, but ultimately will result in Dr. King's vision of amore just, human, equitable, and peaceful world.

Together, we can provide our global community with the tools to challenge and conquer inhumanity, indifference, and injustice; and to transform cultures, communities, and communication. By making your pledge or contribution today, you are providing an opportunity for individuals around the world to explore and implement innovative solutions for creating the Beloved Community.
